

*News for people participating in the 2012 National ICT Careers Week*  
**Friday 11 May 2012**

## **Welcome to National ICT Careers Week 2012!**

We now feel that we are underway for National ICT Careers Week 2012. Following comments from last year's National ICT Careers Week debriefing session, we have done a major revamp of the website to improve its navigation and functionality with the aim of making registering and listing events and activities easier.

### **Requesting Participation**

We have made contact with people in organisations that have previously participated in National ICT Careers Week and we are pleased and grateful for their ongoing support this year. We are now approaching organisations and groups seeking their first time participation. If you are aware of other organisations which you believe should be invited to participate, please forward this email to those organisations.

### **Careers Week Teleconferences**

This week's teleconference had over 30 people attending from all parts of Australia – Perth, Darwin, Hobart, Adelaide, Ballarat and more. A report of the teleconference is being circulated. Following requests for another teleconference we have scheduled one for Tuesday 17 July 2012.

### **Launches of National ICT Careers Week**

Long time supporter of National ICT Careers Week, Broadband and Communications, Minister Stephen Conroy, will nationally launch National ICT Careers Week on Tuesday 22 May 2012 at CeBIT Sydney.

Also at CeBIT, Deputy Premier Andrew Stoner MP, will launch NSW National ICT Careers Week on Wednesday 23 May 2012.

Register now for CeBIT – [www.cebit.com.au](http://www.cebit.com.au)

The steering committee is contacting all other State and Territory ministers seeking their support for National ICT Careers Week.

### **List your events on the Careers Week website**

A number of organisations have registered but have not listed their event or activity. We know that it takes time to make arrangements but listing of your proposed event/activity helps market your events.

### **Contact for information and to give comments and suggestions:**
